D Jayne, a regularatedent at the Medical Unive sity of Pensylvania, and an experienced, successful practitioner of medicine, I was prepared to appreciate the numerous testimonials in favor of his ferent medical preparations much more highly than the great majority of those which are extensively eulogised. On trial of them in my own family, and some of them personally, I have more than realized their favorable anticipations. They are what they profess to be not quack nostrains, but skillthey profess to be not quack nostroms. But skil-fully prepared antidutes for some of the most af-flictive of human diseases. I know that they are highly esteemed, and frequently prescribed, by some of the most respectable of the regular practitioners of medicine in this city and elsewhere, and I do not hesitate to commend them as a valuable addition to our materia medica, and a safe, as well as eminently useful remedy for the diseased." The Rev. C. C. P. Croshy, late Editor of the A--merican-Raptist writes -- NEW YORK June 15, 1839.

To Dr. Jayne. Dear Sir . I have made use of your Expensorant, personally and in my family for the last six years, with great benefit. Indeed, I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my-wife, and also of the Rev. Mr. Tinson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, hings, and throat, I do most unhesitatingly recommend this as the hest medicine I have ever tried. My earnest wish is, that others afficted as I have been may experience the same relief, which I am persuaded they will, by using your Expectorant. C.C.P. CROSBY
